

## ANOTHER DISASTER FOR GEN. ROBERTS

Five Companies of His Best Troops Captured By the Boers

## WAS A SERIOUS BLOW

Troopers Were Taken Prisoners Within Five Miles of Bloemfontein

## GEN. VILLEBOIS IS KILLED

London, April 6.—[Special Cablegram]—General Roberts has met with another reverse. He reports to the war office that he has lost five full companies of troops. The red coats were captured by the Boers within five miles of Bloemfontein.

### Roberts Sends the Details

London, April 6.—[Special Cablegram]—General Roberts report dated Bloemfontein, April 5, says: "Another unfortunate occurrence resulting, I fear, in the capture of a party of Infantry, consisting of three companies of the Royal Irish Rifles, and two companies of the Ninth Mounted Infantry, has occurred near Reddersburg, a little distance east of Bathany station, within a few miles of this place. They were surrounded by a stronger force of the enemy with four or five guns.

"The detachment was engaged from noon the third to nine a. m. the fourth, then they apparently surrendered.

"Immediately after I heard the news on the afternoon of the third, I ordered Gatacre to proceed from Springfontein to Reddersburg with all speed. I also dispatched the Camerons from here to Bathany. Gatacre reached Reddersburg at ten thirty o'clock on the morning of the fourth unopposed. He found no news of the missing detachments. There is no doubt but what all were taken prisoners."

### Gen. Villebois is Killed

London, April 6.—[Special Cablegram]—The following is from General Methuen posted at the war office, dated Bushof, April 5th: "I surrounded Gen. Villebois with a body of the Boers to-day. No one escaped. Gen. Villebois and seven Boers were killed and about eight wounded. The attack lasted four hours. My corps behaved very well. It was composed of the Yeomanry, Kimberley mounted corps and the Fourth battery artillery.

### Death of News in London

London, April 6, 6 a. m.—There is again a dearth of news from the seat of war in South Africa, although Mafeking has once more come into prominence, thanks to the renewed efforts of Colonel Plumer to relieve the beleaguered garrison.

This dashing leader of the Rhodesian irregulars is certainly displaying as much dogged pertinacity in his attempts to succor Colonel Baden-Powell as Sir Redvers Buller ever did in his operations for the relief of General White, and he may yet be successful.

Toward the end of April Col. Plumer may expect to receive some reinforcements by way of Beira.

The Boers, as might have been expected, are making the most of their successful operations near Bloemfontein.

### Gatacre's Hard Task

General Gatacre, has a hard task before him in keeping open Lord Roberts' lines of communications. The Boers are reported to have 20,000 men within a radius of twenty miles of Bloemfontein, and their movements indicate their desire to sweep further round to the right of the capital from Bushman's Kop.

### PRES. STEYN HOPES FOR PEACE

But He Has No Doubt the Boers Will Eventually Triumph.

Pretoria, April 6.—In his speech at the opening of the Free State Road President Steyn declared that in spite of the surrender of Bloemfontein he had not lost hope of the triumph of the republic cause. The war, he said, was forced upon the Transvaal, and nothing remained for the Orange Free State but to throw in his lot with the sister republic, in accordance with the terms of the treaty. The war, he continued, was begun with the object of maintaining by arms the independence bought with the blood of the forefathers of the nation, and it had been so successful that it caused the greatest wonder throughout the world and even to the Boers themselves.

After paying a tribute to the memory of General Joubert, President Steyn said that the British, notwithstanding their overwhelming numbers, were violating the flag of truce and the Red Cross and

he was compelled to report the matter to the neutral powers.

The president further remarked that the attempt to create dissension among the burghers by the issuing of proclamations had failed.

## NETHERSOLE NOT GUILTY.

Jury in New York City Acquits Impersonator of Sapho.

New York, April 6.—Olga Nethersole and associates were acquitted in Justice Fursman's court here. In her moment of triumph the actress tore from her head the velvet hat she wore and waved it to her admirers. After the briefest deliberation the jury had acquitted Miss Nethersole, Hamilton Revelle, her leading man; Marcus Mayer, her manager; and Theodore Moss of Wallack's Theater of the accusation against them—or having offended public decency by producing the play "Sapho."

"Not guilty," answered the foreman of the jury, Charles G. Becker. A burst of applause sounded, which was sternly checked by the justice and the officers of the court. "The defendants are discharged," said Justice Fursman gravely.

## HIGH SCHOOL IN AN UNSAFE CONDITION

Children in Milwaukee Risk Their Lives In Attending At An Insecure Building.

Milwaukee, April 6.—The West Side high school, which cost the city over \$100,000, is in such an unsafe condition that parents have taken their children out of school rather than have them risk the chances of injury. The roof of the assembly-room has sagged six or eight inches and presents a threatening appearance. Parents of scholars who have examined the building say the roof may last ten years and it may not last last minutes. Unless the city authorities take steps to render the building safe a mass meeting of citizens of the west side will be held to give voice to indignation felt at the callousness exhibited by the officials to the condition of the school.

Milwaukee is still \$4,000 shy of the \$15,000 demanded by the state agricultural board if the state fair is to be held at Milwaukee this year. The sum must be ready by next Tuesday or the board threatens to take the fair elsewhere. Chairman Vanneman of the fund committee says the entire amount will be raised in time, but will not go into details.

The positions of commissioner of the board of public works and school commissioner, one a salaried position and the other honorary, which will have to be filled this month will fall to Frank Niezrowski and Henry J. Killilea respectively. Mayor Rose announced today that he would make the appointments at the proper time.

## ANOTHER VIRGINIA LYNCHING.

Mob Hangs Alleged Incendiary for Burning a Town.

Richmond, Va., April 6.—Information has been received here of a lynching in Southampton country for the commission of a crime which practically destroyed the little town of Ivor and left many families homeless. The greater portion of the place was burned early Thursday morning. It soon became apparent that the fire was of incendiary origin and a posse was organized to find the criminal. The tracks of a barefooted man were discovered leading out of the town, and they were followed by a crowd of infuriated citizens. After a chase of a mile the traces were lost. A telegram was sent to Suffolk and a pack of bloodhounds secured. With these the men resumed the hunt. It is reported that the incendiary, a negro, was captured and swung to a tree in a lonely part of Southampton county.

## TRAIN WRECKED AND BURNED

Several Persons Reported Killed in Disaster Near Channing, Texas.

Fort Worth, Texas, April 6.—The south-bound passenger train on the Fort Worth and Denver City Railroad was wrecked near Channing. The coaches caught fire and the entire train except one coach burned. It is reported six or seven people were killed, among them the Wells-Fargo express messenger, Chapman. Superintendent Goode and Trainmaster Mills in a special car, with a number of physicians, left for the scene. The wreck was caused by a washout. The fireman and express messenger, it is believed, were burned in the wreck. The local Wells-Fargo office received a message from Channing to the effect that it was impossible to tell the number of passengers killed.

### What the Name Tugela Means.

The name Tugela means "fear" and it has received the name from the rapidity with which it has come down in flood. A thunderstorm among the mountains in which it rises will raise the river many feet in a few minutes and a resident on its banks declares that he has seen it rise forty feet in a single night. The current is at all times swift and a comparatively light rise is sufficient to make the drift impassable, while a heavy rise will sweep away any temporary bridge that may have been erected.

## TRUCE HOVERS OVER WAR IN KENTUCKY

FACTIONS WILL AWAIT DECISION OF SUPREME COURT.

Beckham Rejects Hot Counsel—He Does Not Want to Plunge the State Into Bloodshed—Decision From the United States Court Expected in Twenty Days.

Frankfort, Ky., April 6.—[Special Telegram]—The Court of Appeals at noon today rendered a decision affirming Judge Field's decision in favor of Governor Beckham.

Frankfort, Ky., April 6.—An agreement was reached today between the Beckham and Taylor forces whereby the democrats will make no effort to restrain Taylor's force from holding on in the executive building until the contest case is passed upon by the United States supreme court.

There will be no clash of the democratic and republican soldiers if the court of appeals decides in favor of Governor Beckham. He will continue to perform the duties of his office in his room at the Capitol hotel and Taylor will remain as a figurehead in the executive building surrounded by his soldiers.

Taylor has given notice publicly that he will not vacate the building on the decision of the court of appeals and will hold on as long as his soldiers have guns and ammunition.

### Beckham Rejects Hot Counsel.

Numerous democrats have advised Governor Beckham to storm the state buildings and take possession of them by force if the court of appeals upholds him, but the governor does not want to plunge the state into bloodshed. He says trouble can be averted and if he can keep peace honorably he intends to do so.

Governor Taylor declines to move out for two reasons. First, because when a mandate in the case is delivered, thirty days after the date of the rendering of the ruling, the decision will not take effect or be binding upon anyone, and second, because by the terms of the protocol he was to remain in possession until an appeal could be asked of the United States supreme court. Naturally, under the circumstances, he will resist any effort to depose him at the present time and while acting strictly upon the defensive will if necessary meet force with force.

### Decision In Twenty Days.

One of the democratic counsel said this morning it had been decided between the lawyers on both sides that as soon as the court of appeals acted the attorneys for the losers would leave for Washington with a writ of error, and that by getting the matter before the supreme court without a delay a final conclusion would be reached within ten or fifteen days from the time the appellate bench acted.

### Disturbances in Panama.

Washington, April 6.—It is now admitted that the disturbances in Panama, Colombia, are serious and the authorities are beginning to pay attention to them. Mail service has been interrupted in consequence of the operations of the troops, and it is reported that there had been fighting in the streets of Panama. Inquiry at the department of state, however, failed to elicit any information on this point. A revolution in Colombia is of especial importance to the United States because of the guaranty made by this government of preserve free transit between Colon and Panama.

### Keystone State Democrats.

Harrisburg, Pa., April 6.—The Democratic state convention met here to nominate candidates for auditor general and congressman at large and select eight delegates at large to the Kansas City convention.

The most important planks of the platform include an indorsement of Col. William J. Bryan for the presidency in 1900, a law for ballot reform, personal registration and a more comprehensive primary election law, with the Chicago platform indorsed.

### To Rebuild the Big Hall.

Kansas City, April 5.—Promptly at six o'clock this morning workmen began cleaning up the debris at the convention hall preparatory to the erection of a new building to be completed by July 4. All the insurance money was paid this afternoon. It is therefore beyond doubt that the hall will be ready for the Democratic national convention.

### American Convicted in London.

London, April 6.—Henry Musgrave Onecqui, an American professional palmist, well known in New York and Chicago, has just been sentenced to five years' imprisonment at the Old Bailey for stealing property belonging to a woman with whom he contracted a bogus marriage.

### Silas B. Cobb Dead.

Chicago, April 6.—After a week's illness Silas B. Cobb, who had been prominently identified with the more important business interests of Chicago, nearly seventy years, died early this morning at the home of his son-in-law, William B. Walker, 2027 Prairie avenue.

## BADGER TEACHERS GATHER AT RACINE

PRINCIPAL PAPER TODAY BY STATE SUPT. HARVEY.

Pedagogues Are Welcomed to Racine By Mayor Higgins—S. Y. Gillan Talks On County Schools—The School Board Section in Session This Afternoon.

Racine, Wis., April 6.—The city is full of school teachers in attendance upon the Southern Wisconsin Teachers' association today and tomorrow. It is estimated that from 800 to 1,000 teachers are here. Excellent arrangements have been made to provide accommodations for all.

The session opened at 9 o'clock this morning with an address of welcome by Hon. Michael Higgins, mayor of Racine. "Some Lines of Work in the Organization and Development of Our School System" was the title of a paper read by State Superintendent L. D. Harvey. The discussion was led by E. A. Birge and Albert Hardy.

S. Y. Gillan read a paper on "Examinations and Graduates from Country Schools." The discussion was led by R. M. Dorse, and Lyau S. Styles.

### The School Board Section

A new feature of the association is the school board section, largely for members of school boards. William G. Bruce of Milwaukee is chairman of this section. This session will meet this afternoon. President John L. Sieb of the Racine school board, will give the address of welcome. "School Board Duties" will be presented by B. F. Ziun, president of the Milwaukee school board.

A paper on "The Relation of School Boards and Teachers" will be read by W. G. Bruce, editor of the School Board Journal. J. G. Chandler of this city will give a paper on "School Architecture," and S. C. Newman of the Kenosha school board discusses the question of "Employment and Dismissal of Teachers."

### Given a Banquet Tonight

This afternoon at 4 o'clock there will be a demonstration of wireless telegraphy by Warren S. Johnson. This evening Jessie L. Gaynor will give a song recital and S. H. Clark will lecture on "The Interpretation of Literature."

At the close of the evening's program an informal reception will be tendered the visiting teachers by the teachers and citizens of Racine.

## HOUSE WILL AGREE TO SENATE BILL

Republicans in Caucus Accept the Porto Rico Measure—Naval Bill is Reported.

Washington, D. C., April 6.—The republicans of the house in caucus Thursday night, decided to take the shortest possible route to a termination of the Puerto Rican tariff problem by concurring in all the senate amendments and sending the bill directly to the president. There was a feeble protest from Mr. Cooper of Wisconsin, chairman of the insular committee, and Mr. Moody of Massachusetts, who favored standing out against some of the features of the civil government scheme attached to the bill by the senate.

None of the republicans who voted against the original house bill were present at the caucus. As soon as the republicans absent from Washington can be summoned here, as early as Monday if possible, the matter will be brought before the house under a special rule.

### NAVAL BILL IS REPORTED.

Chairman Submits Measure Appropriating \$61,219,916.

Washington, April 6.—The naval appropriation bill was reported to the house by Acting Chairman Foss of the naval committee. The amount carried by the bill is \$61,219,916, the largest ever reported to the house from the naval committee. Aside from this the report, which accompanies the bill, is remarkable for its array of facts regarding sea power the world over, foreign naval programs and the comparative strength of the navies of the great maritime powers, accompanied by colored charts showing the upbuilding of the various great navies.

### General Will Hear Roosevelt.

Albany, N. Y., April 6.—Gov. Roosevelt will deliver an address at Galena, Ill., on April 27, at exercises to be held in honor of the anniversary of the birth of Gen. Grant.

### Wants Him Named Patrick.

London, April 6.—It is said that by the desire of Queen Victoria the son that was born to the Duke and Duchess of York Saturday last, will be christened Patrick.

### Consistory Date is Fixed.

Rome, April 6.—A consistory has been fixed for April 20, when the Pope will nominate several bishops to fill vacant sees. No cardinals will be nominated.

Leading wheels. Talk to Lowell.

## WAR MAY LAST TEN YEARS

Major Shields Says Philippines Are a Hotbed of Rebellion

San Francisco, Cal., April 7.—Surgeon Major George M. Shields, who returned Sunday from Manila on the transport Sheridan, said that at the present rate of progress war in the Philippines will last ten years. He says the islands are a hotbed of rebellion.

Major Shields declares that General Otis is a wonderful officer, efficient and tireless in his efforts to serve his country. He also declares that the presence of a large military force to assist the Philippine commission is absolutely necessary.

The major says the natives have only contempt for merciful treatment, and he advocates the sternest of military measures in suppressing the rebellion.

### Attacks the Associated Press.

Washington, April 6.—[Special Telegram]—In the senate today Thursday called up the Indian appropriation bill. On a question of privilege Pettigrew attacked the Associated Press. He said the organization was a newspaper trust of the worst sort and, made a special point to employ men to misrepresent and keep the truth from the public.

## PONCE IS FILLED WITH PAUPERS

An Announcement That Food Would Be Given Away Draws the Starving People.

Ponce, Porto Rico, April 6.—An announcement having been made that the Porto Rican Benevolent society would relieve the poor of Ponce, the town is simply overwhelmed with an army of starving or pauperized folk. No fewer than 200 men, women and children, sick and starving, are living in the corridor of the city hall and in a kiosk on the Plaza. Most of these are fed by the society. Letters have been received announcing that 5,000 more are on the way.

The city will deport outside paupers who are now here, and the station guard will prevent the entrance into the city of others. The price of provisions continues high and discontent grows, but thus far there has been no public demonstration.

It is reported an executioner has been found to carry out the sentence passed by the Porto Rican supreme court upon five murderers condemned to death, and the garroting will take place on Saturday.

## MANY THOUSANDS OF FORGED BONDS

Clever Forgeries Which Have Netted Over \$300,000 to Chicago Crooks.

Chicago, April 6.—[Special Telegram]—The cleverest forgery of bonds since the Erie case twenty-five years ago was discovered by the officials of the Northwestern Gas Light & Coke Co. of Evanston. In all parts of the country forged bonds of the company have been disposed of. It is estimated that a total of three hundred thousand dollars worth have been taken in by unsuspecting bankers. The bonds are dated December 1, 1898, and mature in twenty-eight years.

### Sitting Erect.

Very many persons, in taking a seat, use the edge of it only, with the result that in a very short time they seem to be doubling up, the head bending forward over the chest. The easiest method of sitting erect, and in a graceful position, is to occupy the chair in such a way that the lowest part of the spine or backbone touches the back of the seat; then, by causing the shoulders also to touch the back, the whole body is erect and maintains itself, not only without an effort, but with a feeling of support, relief and rest, and that, too, without any appreciable effort. Any position maintained by the aid of a brace is forced, and is secured by an injury done to some other part, which not only has to support itself, but aid in supporting parts not intended, hence must in time itself need aid from other sources, and thus the mischief goes on.

### Many Mormons in India.

Later Day Saints say that outside of Utah and its immediate environments Indiana has more Mormons than any other state, notwithstanding other commonwealths are larger and have been proselytized longer. They have the figures to show that the hoosier state is a productive field for the followers of Joseph Smith and that the state leads all its sisters in membership. The district and mission reports for the year 1899 show that Mormonism is growing rapidly in Indiana.

### Osman Pasha Really Dead.

Constantinople, April 6.—Ghazi Osman Nubar Pasha, the hero of the Plevna, died yesterday evening, although the recent improvement in his condition had led to the hopes of his recovery. He was born in 1832.

### Heavy Snow in Colorado.

Denver, April 6.—Snow has been falling all over the state of Colorado for the last 24 hours.

## ADMIRAL DEWEY IS A DEMOCRAT

Confesses to Being a Gold Man and an Admirer of Cleveland

## MAY RUN INDEPENDENT

The Brave Sailor is Pleased and Claims People Are With Him

## BITTER AGAINST M'KINLEY

Philadelphia, April 6.—Admiral Dewey is a democrat. He so declared himself last night in an interview in this city. It was the only political question asked which the admiral answered directly.

Admiral and Mrs. Dewey came here yesterday to attend the last orchestral concert for the relief of the families of soldiers and sailors killed in the Philippines. He granted an interview to nearly a dozen newspaper men.

### Says He is a Democrat.

"Are you correctly reported to be a democrat?" the admiral was asked and after a moment's hesitation he replied: "Yes, I think I can answer that. Yes, I am a democrat."

"If the republicans nominate McKinley and the democrats name Bryan for the presidency would you run independently?"

"I won't answer that." To some of his friends who called on him last night the admiral admitted that he had little hope of receiving the nomination of either of the great parties but said he would run independently. He confessed that he was a Cleveland Democrat, a gold man and a great admirer of the ex-president who now lives at Princeton, N. J.

### An Admirer of Cleveland

"I have not voted or taken any particular interest in politics for many years," said Dewey to his friends, "but I did want to vote for Cleveland the last time he ran, and would have done so had it not been too much trouble to go all the way up to Vermont."

Last night the admiral claimed to be very much pleased with the manner in which the country had received the news of his candidacy. He said the people were with him, even if the politicians were not, and that the politicians would come to his support later on. He spoke somewhat bitterly of President McKinley, and admitted he was very anxious to see the president defeated, and might run as an independent candidate for that very purpose.

### Calls Him a Gold Democrat.

Baltimore, Md., April 6.—Col. Herman Stump, former commissioner-general of immigration, who is quite intimate with Admiral Dewey, said last night:

"Admiral Dewey is a gold democrat, or, as some would say, a 'Cleveland democrat.' He has never taken any active part in politics and has probably not voted for years, but he is a low tariff, gold-standard democrat, and a great admirer of ex-President Cleveland."

### Hill Says Dewey Is Too Late

New York, April 6.—It is the opinion of David B. Hill that Admiral Dewey's declaration will have no effect on the political situation. The admiral's determination to stand as a candidate for presidential nomination, Hill believes, came too late. Both of the big parties have already drawn their lines. They have each shaped a course that must be followed. Hill is certain that Dewey is a democrat.

### Populists Not for Dewey

Grand Forks, N. D., April 6.—There has been more or less speculation as to the manner in which Dewey's candidacy for president would be received, and the state populist convention being in session here, an opportunity was taken to ascertain the sentiments of members of that organization. A number of members were interviewed, and none was found who favored Dewey for president.

### Make It Bryan and Dewey

Jefferson City, Mo., April 6.—In response to a request for an opinion of Dewey's announcement for the presidency Governor Stephens today said: "I do not know whether Dewey is right on the questions of money, trusts, imperialism, etc., or not. If he is, and can stand on the Kansas City platform, what is the matter with Bryan and Dewey?"

### Dewey Popular in Nebraska

Omaha, April 6.—[Special Telegram]—Admiral Dewey's candidacy is attracting attention throughout Nebraska. Several of the country press support him. Bryan's friends show concern, though no leading democrat has deserted Bryan. Sterling Morton thinks Dewey will draw a large support from the Bryan element.

### Contract For Depot Let.

## CUBAN TEACHERS' VISIT

Plans Made For Accommodating Them at Harvard.

### MEMORIAL HALL TO BE OPENED

The Men Will Be Lodged In University Dormitories, and the Women Will Live In Private Houses—Studies To Be Pursued Will Be Elementary—Expenses of Trip.

Cuban School Commissioner Frye recently had an audience with President Eliot at Cambridge, Mass., and settled definitely on the plan of accommodating the Cuban teachers who are to visit the Harvard summer school during the coming session, says the New York Sun. The curriculum has not yet been fixed, but it will be subject to change as the needs of the pupils require.

Memorial hall, which is usually closed during the summer term, will be opened and the same board served to the Cuban teachers as the college boys have during the summer time. The dormitories, which are the property of the college, will be given over to the uses of the men, cost free, while the women will be lodged in nearby houses in small numbers just as do the school-masters who come to get a little culture during the summer months. Phillips Brooks House will be thrown open and made the general headquarters of the party while in Cambridge. Mr. Frye expects the entire expenses of the trip will amount to \$50,000 in round numbers.

President Eliot has taken the greatest interest in the movement from the beginning and has done everything in his power to arrange the matter so that it will be easy to accommodate the visitors. When the Cubans arrive, they will find the dormitories cleaned and entirely ready for their use. The men who now occupy the dormitories will be asked to allow the Cubans to use their furniture, but such as do not care to do so will be allowed to store their goods, and other fittings will be provided by the college. No very great trouble is anticipated in this matter, as the college will be responsible to the owners for any damage that may be done.

The studies that will be offered to the teachers will be elementary. They will consist of English, geography, nature study, elementary science, American history, history of Cuba and the political problems that now confront it. Special lectures will be delivered out of course of the popular kind bearing on general culture, and an endeavor will be made to have these given by as distinguished men as can be obtained.

When seen in regard to these matters, Mr. Frye said: "The course will answer a practical purpose. In giving such a course we must not lose sight of the fact that these people will have to go back to their practical work in the fall and that all of the study which is intended for them must have this end in view. The lectures which it is intended to give them as incidental will be very important as opening up new fields of thought and study to them, but the elementary work of the course will have an immediate effect on the Cuban schoolchildren during the coming year. This work will be most carefully done by Harvard instructors, who will be instructed especially in their work before they enter upon it, and we hope to give some certificate to those who take the course.

"The trips which we intend to have the teachers take to the various places in Massachusetts will also form no small part of the work. At these places I desire some distinguished person to speak upon the place in question and its significance to Americans. The course on Cuban history will be most complete, for I want every Cuban who comes to the United States to understand the history of his own country and particularly the present status of affairs there and their true significance. If we can do this, we will accomplish a herculean task, for it will mean that the coming as well as the present generations of Cubans will understand things which it is vitally important for them to know. This would more than repay for the trip itself.

"The work of the teachers in the summer school is in good hands and is not bothering me to any great extent. That is settled. My efforts will soon be directed toward making up the funds which will be necessary to pay the expenses of the trip. This will involve some labor, but I have implicit faith in the patriotism of the New England men and in the traditions of Harvard. The Cuban Relief association has assumed all responsibility for the trip. Harvard men, I am sure, will make it exclusively a Harvard matter. President Eliot also takes this view of it, and when he turns his hand to anything he rarely fails.

"During my stay in Cambridge I shall probably speak several times on the question of education in Cuba, but I shall not be able to do as much of this work as I should like to do. I want everybody to understand the gravity of the problem that the United States as a nation took when it said 'hands off' to Spain in the spring of 1898, and I want everybody to thoroughly realize that our responsibility has not yet ceased or shall cease until we put Cuba on the highroad to the blessings of a republican form of government. Widespread education and intelligence is the keystone of such a state, and of these the public school is the father."

Organizing and managing this trip is purely a labor of love on the part of Mr. Frye, as he is paying his own expenses in his vacation time, besides giving up his entire vacation to his work.

## FIRE AT JAPANESE WARSHIP.

Russians Said to Have Discharged Torpedo at Vessel Near Hakodate.

Vancouver, B. C., April 6.—The war toward which Russia and Japan are believed by Oriental papers to be drifting was almost precipitated by an incident which Japanese endeavored to suppress, but which is reported by ship advices today. March 24 a Japanese battleship encountered a Russian cruiser in the neighborhood of Hakodate. Without any warning the Russian discharged a torpedo against the battleship, but missed aim, and the Japanese ship escaped unhurt, but before retiring fired several shots at its assailant.

### March Guilty of Conspiracy.

Lansing, Mich., April 6.—Arthur F. Marsh of Allegan, late inspector general of the Michigan national guard, and until recently chairman of the Republican state central committee, was convicted of having feloniously conspired with certain of his official associates to defraud the state. The maximum penalty is fourteen years in state prison. An extension of time in which to settle a bill of exceptions was granted. Judge Wiest announced that the trial of Col. Eli R. Sutton, who is under indictment for aiding and abetting this fraud, would be set for next Thursday.

### Start Boom for Gen. Wheeler.

Birmingham, Ala., April 6.—Democrats of the Eighth congressional district, now represented in congress by Gen. Joseph Wheeler, have begun a movement looking to his nomination for vice president on the democratic ticket. At Huntsville a communication, signed by prominent democrats of north Alabama, setting forth the strength of Gen. Wheeler, through his popularity as a war hero and a southern statesman, would add to the ticket was published. It is not known whether Gen. Wheeler approves the movement.

### Revenue Cutter May Pursue.

New York, April 6.—The British freight steamer Powhattan, which arrived here from Mediterranean ports, ran into foul weather when three days out from Gibraltar, on March 20, and her coal shifted in the heavy rolling. Captain Harnden later found that Engineer Pill and the fireman had both been buried under the mass of coal. The engineer was found dead with a broken neck. The fireman recovered.

### Avoided Arrest by Suicide.

Detroit, Mich., April 6.—Postoffice Inspector Parsell was about to present the case of Mrs. Ormsby, a Romeo (Mich.) woman accused of sending an objectionable letter through the mails last January, to the United States grand jury in session in the postoffice building, when he received a letter from James B. Lucas, postmaster at Romeo, saying that Mrs. Ormsby had committed suicide there.

"This is too much, John, I won't stand it any longer. Tomorrow I leave for my mother's unless you get me more Rocky Mountain Tea." Sensible woman. 35 cents. Smith's Pharmacy, kodak agents.

### Will Match "Fitz" and Jeffries.

New York, April 6.—The Westchester Athletic club of Tuckahoe, the successful bidder for the Ruhlin-Fitzsimmons fight, is making an effort to arrange a return match between Fitzsimmons and Jeffries, to take place in the arena in July. The Westchester people will also try to arrange a meeting between Tommy Ryan and Jack Root of Chicago.

### Names Peaks for Public Men.

Tacoma, Wash., April 6.—Surveyor-General Distin of Alaska has named the most important mountain peaks lying back of Skagway and along the range which marks the international boundary in honor of public men. On his recommendation they will be so marked upon the new government maps.

### Will Enforce Fishery Laws.

St. John's, N. F., April 6.—Mr. Morine has been chosen leader of the opposition in the colonial legislature. The premier will vigorously enforce the fishery laws, sending the colonial cruiser Flora to the south coast to prevent American fishing vessels from taking bait before April 18.

### Heart Pains,

Palpitation, fluttering or irregular pulsations, choking sensations, shortness of breath, smothering spells, fainting or sinking spells, dropsical swellings of feet and ankles, all come from a weak heart. The only safe and reliable medicine for weak hearts is Dr. Miles' Heart Cure. It never fails to benefit when taken in time.

"I was taken with severe pains in my heart, followed by palpitation and smothering spells so severe that I could not lie down to sleep. After doctoring for eight months I began taking Dr. Miles' Heart Cure, and when I had used five bottles I was cured."

**THIS DAY IN HISTORY.**  
1189—Richard I of England  
(Lionheart) died of  
wounds at Fontevault,  
France; born 1157.  
1243—Laura de Noves, subject of  
Petrarch's amatory poetry,  
died at Avignon, France;  
born 1307. Petrarch met  
Laura in 1327. Her beauty  
and her faith, and she was  
the domestic victim of a jealous and ill-tempered  
husband. She sang to him, and they  
parted at last with deep emotion and regret.  
The death of Laura inspired Petrarch to pen a  
series of sonnets of rare and perhaps unsurpassed  
melody and pathos. It was commonly  
believed that she died on the anniversary day  
and hour of her meeting with the poet.  
1802—General Albert Sidney Johnston, Confederate  
commander in the west, killed in the attack  
on Grant's lines at Shiloh; born 1828.  
1892—Ex-United States Senator William S. Brewster,  
chancellor of Delaware, died at Dover, Del.;  
born 1823.  
1899—Obsequies at Arlington cemetery to honor  
the remains of soldiers who died in Cuba and  
Porto Rico.

**ADMIRAL DEWEY'S MISTAKE**  
Statesmanship and heroism are two  
distinct qualities, and seldom go to-  
gether. Your hero may be an impulsive  
fellow who does not know physical fear,  
yet his courage, under ordinary circum-  
stances of civil proceedings, may be  
very slight. He may hurl himself into  
the vortex of death without a shiver,  
when the question of whose advice was  
best to follow would drive him into the  
madhouse. On the other hand, the  
statesman might tremble at the sight of  
blood, yet face a soul-trying problem of  
government as calmly as he would eat  
his dinner.

The statesman must be a scientist in  
the matter of men and measures from the  
standpoint of the civilian.  
The hero must be a scientist in the  
matter of men and measures from the  
standpoint of the soldier or sailor.  
If they were transposed, both would  
be failures.

Does not the history of the world  
prove these statements?  
Admiral Dewey has made a serious  
mistake. He has descended from the  
pedestal upon which the people placed  
him, to ask an office. He has had full  
measure of honors. There is no public  
demand for his political services. If a  
demand has been made, politicians, and  
not the people, made it. If the admiral  
is nominated, many people would un-  
doubtedly vote for him, but history  
would surely repeat itself.

Rock county republicans in county  
convention assembled, endorsed Senator  
Whitehead for governor, the state and  
national administrations, and instructed  
its congressional delegates to vote to re-  
nominate Henry A. Cooper. The republic-  
licans of this county have set a good  
example, and "harmony" is the watch-  
word. Other republican counties please  
follow suit.

The republican county convention  
paid Senator Whitehead a handsome  
and thoroughly merited compliment  
yesterday, when a resolution was  
adopted endorsing his candidacy for  
governor and commending him to the  
people of the state. The resolution was  
not only adopted, but passed with an  
enthusiastic cheer that showed that the  
delegates were glad to go on record in  
the support of their able and talented  
fellow citizen.

Kansas City will rebuild the conven-  
tion hall at once, and try to retain the  
show billed for that town next July.  
After all the plans to skin the Populist  
brother had been so carefully made, it  
would really be too bad to have them go  
wrong.

Senator Whitehead's name is at the  
end of many editorial pencil points these  
days, and naught but good is said of  
him. The Janesville man stands at the  
head, not only in this congressional dis-  
trict, but all over the state.

There is no doubt but what the re-  
publicans of Rock county are proud of  
their party. The ringing cheers that  
went up in the circuit court room yester-  
day left nothing to the imagination.

Rock county is in earnest when she  
asks the republicans of the state to  
nominate her sterling citizen, John M.  
Whitehead, for governor, as was proved  
by yesterday's convention.

Dewey's lateness, this time, is as con-  
spicuous as was his earliness when he  
brought about the annual May moving  
of the Spaniards at Manila.

The announcement that Admiral  
Dewey was a candidate for president  
did not stampede the republican county  
convention yesterday.

The salary of the city attorney has  
not been proportioned to the work he  
has been required to do, and it would  
appear that the council had acted wisely

in increasing it. The position takes a  
man's whole time and \$50 a month was  
certainly a small stipend.

George E. King who was elected by the  
council to succeed Samuel M. Smith as  
a member of the school board is a  
capable and energetic young business  
man and will make an excellent com-  
missioner.

And the Line City, it would appear, was  
a trifle out of line at the last election,  
for the first time since she became one  
of us.

And now, Admiral Dewey, you would  
be wise in again retiring, temporarily, to  
secure breakfast.

Mrs. Dewey did it.

**For County Treasurer**  
The Republicans of Milton feel that  
this town is entitled to representation on  
the county ticket and have prevailed  
upon Miles Rice to consent to be a can-  
didate for the office of county treasurer.  
Mr. Rice is well and favorably known  
here, having spent his life in this vicin-  
ity. He is not only thoroughly honest  
and reliable but is eminently qualified to  
fill this responsible position. No super-  
ior man can be found in the county.  
He will receive the hearty support of his  
own town. —Milton Journal.

**Mrs. J. H. Huntress Re-elected**  
The King's Daughters of the Baptist  
church held their annual meeting yester-  
day afternoon at the church parlors, and  
the following officers were elected: Mrs.  
J. H. Huntress president; Mrs. J. Cun-  
ningham, secretary; Mrs. W. B. Conrad  
treasurer; Mrs. George Hubbard direc-  
tor of work.

**A Grateful Mendicant.**  
A grateful mendicant has died in the  
village of Hinstock, near Newport,  
England, and his gratitude assumed an  
exceedingly novel form—for a beggar.  
His name was Meeson, he was aged, and  
his generally destitute air and wretched  
surroundings gave his neighbors the  
impression that he had not a penny in  
the world. Out of pure charity they  
accordingly for many years provided  
him with food and clothing. Great sur-  
prise was caused among the good Sa-  
maritans when it became known that  
by his will he had left £2,000 and cer-  
tain real property for division among  
those who had assisted him. As one  
of them remarked, it was a clear case  
of casting your bread on the water, and  
seeing it come back after many days  
battered on both sides.

**Gobbler Stopped the Draught.**  
A family of Swedes of Des Moines,  
Iowa, raises a large number of turkeys,  
which usually roost on the roof of the  
house. One night last week it grew  
too cool for one old gobbler, and about  
midnight he climbed up to the roof of  
the chimney, and, finding it warm  
there, he sat on top of the flue and  
went sound asleep. There was a coal  
fire burning in the bedroom where the  
family were sleeping, and when a  
neighbor called in the morning the in-  
mates were found nearly asphyxiated  
by coal gas.

## COUNTY DRUGGISTS IN SESSION HERE

### OFFICERS WERE ELECTED FOR ENSUING YEAR.

Meeting and Banquet at the Grand Hotel—Secretary George E. King Was Host—W. P. Clarke of Milton Elected President and J. M. Farnsworth of Beloit, Vice President.

Twelve members of the Rock County Druggists' association, met in annual session at the Grand Hotel this afternoon. At noon a banquet was held at which George E. King of this city, acted the part of host in honor of his recent appointment as school commissioner.

The afternoon was devoted to a business session, which proved of mutual benefit to all the members of the association.

The following officers were elected for the ensuing year:

President—W. P. Clarke, Milton.  
Vice President—J. M. Farnsworth, Beloit.  
Secretary—George E. King, Janesville.

Treasurer—O. L. Woodard, Clinton. Those in attendance at the meeting were: Messrs. Wilson, Edgerton, W. P. Clarke, Milton; J. M. Farnsworth, Beloit; O. L. Woodard, Clinton; and J. D. King, E. B. Heimstreet, H. F. Ransom, J. F. Baker, G. E. King, W. F. McCus, E. O. Smith and H. K. White.

## WILL MOVE CHURCH SOON AFTER EASTER

Present St. Mary's Edifice Will Then be Placed at the Corner of Prospect Avenue and Wisconsin Street.

Theodore Beyer of Fort Atkinson has made the purchase of the frame dwelling at the corner of Prospect avenue and Wisconsin street which was the property of St. Mary's church congregation. To-day this dwelling was moved so as to make room for St. Mary's church, which will be moved on this lot so that the masons may commence work on the new edifice which will occupy the site on which the present church is now erected. The present church will be moved soon after Easter and will be utilized for services till the completion of the new and costly edifice which will be completed and ready for occupancy this fall.

## COUNTY MAP ABOUT READY

Will Be Most Complete Ever Published in Rock County.

The new map of Rock county which is being prepared by W. W. Hixon & Co. of Rockford, is nearing completion. Mr. Hixon stated a few days ago that from ten days to two weeks many would see the work well along with the lithographs. No time or labor has been spared to make the new and accurate maps complete in every detail. Over three months has been consumed by Mr. Hixon and his corps of assistants in making drawings and securing data and general information. Mr. Hixon says that Rock county has more wealth averaging the land holders generally than any other section he ever worked in. Orders have been coming in for the new publication and people who expect to secure one will be wise in making their wants known at once. Orders left at the Gazette office will be handed to Mr. Hixon.

## SURPRISED OSCAR MABEE

Fifty Friends Went to His North Bluff Street Home

Fifty friends perpetrated a surprise on Oscar Mabee last evening at his North Bluff street home. The greater portion of the guests were employees of the Merrill warehouse on Pleasant street. Mr. Mabee is inspector at the warehouse and to show their appreciation the employees under Mr. Mabee presented him with a chair last evening. The serving of delicious refreshments followed. Then Jack Tuckwood's orchestra played and dancing followed until 4 o'clock this morning.

## PARTIES TALK SETTLEMENT

Case Was to Have Been Tried Today Before a Jury.

H. Shapiro was scheduled to appear before the municipal court this morning on the charge of using abusive language. The complaining witness was E. Bonis. The case was to have been tried before a jury this morning but the interested parties failed to appear when the case was called. It is said that a settlement of the matter has been made.

## DOCTORS MEET THIS EVENING

Regular Monthly Session at the Office of Dr. Hedges

Members of the Rock County Medical association will meet this evening in regular session at the office of Dr. Hedges in the Carle block. The program is in the hands of Drs. Sutherland, Buckmaster and Pender and a most interesting session can be looked forward to. The subject will be "Diseases of the Heart." Dr. Fifield will be the leader.

**FRIED STEAK WITH ONIONS.**—Choose a steak with a little fat on it. Peel two good sized onions under water and cut into thin slices. Place steak and onions into a hot pan at the same time, together with butter the size of an egg. Cover and stew for ten minutes, occasionally stirring to prevent burning. Flavor with salt and pepper and stew five minutes longer. Remove the cover and brown the steak a few minutes. Place it on a warm platter; pile the onions about it. Add a sauce from three tablespoonsful of hot water, the butter left in the pan and a shake of flour. Boil two minutes, add a shake of pepper and one of salt, pour over the steak and serve.

## FUNERAL SERVICES OVER THOS. JEFFRIS

Held This Afternoon From the Home of David Jeffris—Other Funerals Held from St. Patrick's Church.

From the South Jackson street residence of David Jeffris this afternoon at 2 o'clock funeral services were held over the remains of the late Thomas M. Jeffris. Rev. Robert C. Donison of the Congregational church officiated. The floral offerings were many and loving friends filled the home to pay their last earthly respects to one they loved. At the close of the services the interment took place in Oak Hill cemetery. The pall bearers were the four brothers of the deceased.

Peter Fletcher Spencer.

Evansville, Wis., April 6.—Peter Fletcher Spencer died in this city yesterday at the age of 93 years. He was the oldest man in the city and probably in Rock county. At one time he owned an extensive tract of land within the present city limits and two additions bear his name. He was born at Springfield, Vt., and moved to Evansville in 1854. He was married in 1834 to Amelia Smith, who died in 1882. Four daughters survive him as follows: Mrs. Dawson of Maynard, Ia.; Mrs. Flossbach of Eden Vale, Col.; Mrs. Morehouse, of Kansas City, and Miss Jerusha, who lives here.

John Donahoe

Funeral services of the late John Donahoe were held from the home at 9:30 o'clock this morning and from St. Patrick's church at 10:30 o'clock. The interment was in Mount Olivet cemetery.

Solemn high mass was celebrated, Rev. E. M. McGinnity acting as celebrant, Rev. J. E. Harlan, Edgerton, deacon, and Rev. J. J. Collins sub deacon. The pall bearers were Martin Dunn, Charles Vioey, Patrick Lillis, William Cox, James Brierty and John Leary.

Mrs. Patrick Gagan

The funeral of the late Mrs. Patrick Gagan was held this morning at 9:30 from St. Patrick's church. The interment was in Mt. Olivet cemetery.

W. F. McGinn

William Frederick McGinn, infant son of Mr. and Mrs. Wm. McGinn, died this morning at 9:30 o'clock, aged five months. Notice of funeral later.

## TALK GOLF CIRCUIT FOR THIS SUMMER

Cities in Northern Illinois and Southern Wisconsin Included—Would Awake Much Interest.

A movement is now on foot towards the formation of a golf club league which include such cities of Rockford, Freeport, Madison, Beloit, Janesville and other towns. Members of the Mississippi club are highly in favor of the plan. Such a league would awaken interest in the game as it would bring outside clubs to the local links in games that could not help but prove of special interest. Rockford now has an excellent team that is anxious to try honors with Janesville.

## WILL TEST TWO INCH NOZZLE

At the Corner of Milwaukee and Jackson Streets This Evening.

At the corner of Milwaukee and Jackson streets at 7 o'clock this evening the Janesville Water Company with 110 pounds of pressure will assist Chief Spencer and members of the Janesville fire department in experimenting with a two inch nozzle. An effort will be made to see how far a two inch stream can be thrown. With a two inch nozzle a great volume of water can be thrown in a short space of time. If more pressure is needed the Janesville Water Company stand ready to supply the demand.

## PLOT AGAINST THE PRINCE.

Belgian Police Find Evidence of  
Accomplices of Sipido.

CONFESSION MAY BE MADE.

Sensational Developments Looked For as  
a Sequel to the Attempt to Assassinate  
Wales—Meert, Who Sold the Re-  
volver to Sipido, Arrested.

Brussels, April 6.—[Special Cable-gram.]—Sipido, the would-be assassin of the Prince of Wales made a full confession. The plot resulted from a bet made with three other youths that Sipido would shoot the Prince.

Brussels, April 6.—One of the accomplices of Sipido, who attempted to assassinate the prince of Wales, has been arrested and interrogated by the commissary of police. Sipido seems inclined to make a confession, and, judging from his latest statements, the outrage was the outcome of a plot. The names of three of his associates are known to the police. Meert, one of the persons arrested on suspicion, has confessed that he sold the revolver to Sipido. He admits that he had a conversation with Sipido on the subject of the outrage on the prince, but pretends the words were spoken in jest. The police are seeking two other accomplices.

In the chamber of representatives the president, Baron Sney, said he felt sure he was voicing the feeling of the whole Belgian nation in expressing, in behalf of the chamber, the indignation created in all minds by the attempt made on the life of the Prince of Wales. The socialist leaders announced unanimous approval of these words, adding, however, that if socialists condemned individual crimes they blamed with no less energy the "great collective crimes being committed at present in South Africa, and they protested at the inaction of Europe, which was indifferent to the crimes the English perpetrated in South Africa."

"Blood calls for blood," said M. Vandervelde, the leader of the socialists. His remarks called forth protests from the rightists, who recalled the fact that Great Britain had always been the best guaranty of Belgium's neutrality. Mr. Lorand, leftist, while admitting Great Britain's services for Belgium, said he "could nevertheless not forget she had betrayed her traditions in attacking a free people."

The minister of foreign affairs expostulated at the last remark, and said the leftists ought to observe the reserve which was the most elementary of the rules of courtesy rendered incumbent upon them, to which M. Vandervelde retorted: "You failed to blame the red sultan. You have, therefore, no right to find fault with us. We protest against the attempt on the prince of Wales, but we also protest against the infamous, shameful war the English are waging on a free people. You have protested in the name of the government. We protest in the name of the Belgian people and send to the Boers our fraternal greeting." The minister of foreign affairs again protested against these attacks on a friendly nation, when M. Furnement, socialist, jumped up and shouted: "Long live the Boers." The president of the house appealed to the patriotism of the chamber not to prolong the discussion, but the leftists continued to inveigh against Great Britain undertaking an "unjust and infamous war." After further heated interchange of remarks, during which M. Vandervelde repudiated the rightist insinuation that his remarks at Tuesday's socialist meeting in any way instigated the commission of outrages, the president of the house declared the incident closed.

In the senate the president, the duke of Ursel, expressed his reprobation and indignation at the attempt on the life of the prince of Wales. The premier, M. De Smet de Nayer, indorsed this speech and thanked providence that the prince of Wales had escaped the "criminal attempt of a hair-brained boy." The entire senate indorsed these addresses.

### Bank Runs in Japanese Cities.

Vancouver, B. C., April 6.—The steamship Empress of Japan, which has arrived from the orient, brings news of big runs on the banks of Tokyo, Yokohama and other Japanese cities. The export trade of the empire has fallen off very much during the last few months, on account of the partial failure of crops, closing of collieries and other causes, and as a result the imports have exceeded the exports by very large sums during the last three months.

### Big Profits of Monon Road.

Chicago, April 6.—Coming quickly after the announcement of its victory in the Beattyville case, by which the Monon road is relieved of the burden of \$1,000,000 of the old bonds, President W. H. McDoel of that system says that the earnings of the property for the last eight months are \$545,000 more than the whole profits for the preceding year.

Cafe Noir.

COFFEE WITH SCALDED MILK.—To make good breakfast coffee use hot fat and hot milk and Mocha. Allow one tablespoonful to each person. Pour a cupful of cold water over the ground coffee and let stand ten minutes. Add to this a couple of teaspoons and boiling water to the amount required. Let it boil up once. Stand it back on the stove, where it will keep hot, but not boil. For 25 minutes. Remove the lid from the grounds; it will be clear as amber if properly made. Bring an equal amount of milk to the boiling point, heat the coffee, and when both are ready to break into boiling pour one into the other. The result will be a smooth, velvety coffee, such as you meet with in the household. It is best not to blend the coffee and milk until five minutes before using.

GLENDOWER—"I can call spirits from the vasty deep."

HOTSPUR—"Why, so can I, or so can any man."

"But will they come when you do call for them?"—SHAKESPEARE.

How quickly Hotspur's wise and witty retort tears the tragic mantle in which Glendower stalks, and shows beneath the seer's robe, the motley of the mountebank. Most people would have taken the Welchman at his word, and called him seer, without noting the difference between to call and to command.

Certain points of comparison are suggested between Glendower's tragic claim and the comic claim made in some specious advertisements. "I am a woman, I know all about woman. I understand woman, and I can cure woman because I am a woman." The modern Mrs. Hotspur puts her finger right on the weak spot of that clamorous claim by saying: "Why if you can cure woman simply because you are a woman, then so can I and so can any woman." Which very plainly brings out the common sense fact that the cure of diseases does not depend upon being a man or being a woman but does depend upon being a trained and experienced physician.

There is, as far as is known, no qualified woman physician associated with any proprietary medicine firm. It is certain that there is no one, man or woman, who can show an experience or record equal to that of Dr. R. V. Pierce; more than thirty years of treatment of women's diseases with ninety-eight per cent. cured out of more than half-a-million women treated. Sick women can consult Dr. Pierce by letter absolutely free of charge. Every letter is held as strictly private and sacredly confidential. All answers are mailed securely sealed in perfectly plain envelopes. Address Dr. R. V. Pierce, Buffalo, N. Y.

## WHAT WOMEN ARE DOING.

Notes of Interest About Individuals of the Unquiet Sex.

Former Chief Corn-dropper of the Osage tribe stole a march on his watchers a few days ago. He sold his daughter to the highest bidder for 300 pounds. The newly made bride is an Osage half breed Indian girl of great beauty. She was educated at the government school at Poughkeepsie, N. Y. She is only 22 years old, but this is her third husband. The other two deserted her because they could not endure the mother-in-law.

The South African native women are noted for their desire to appear as beautiful as their white sisters. They pay great attention to beautifying their bodies. They are great athletes, and their life in the open air makes them strong and well formed. By the aid of a clay ornament they arrange their hair into any desired position.

In which it remains, for days without the aid of pins or any other fastening. The young women wear their hair drawn up into a peak at the top of the head. The gauge of beauty is plumpness. The plumper the girl the more valuable she is to her parents, for her admirers pay a dot for her. The greater her beauty the more cattle he will pay.

Mlle. Clotilde Ozouf of the St. Germain market, Paris, has been chosen the queen of queens for the M. Carême procession. She is a blond and is employed in a bootshop. She is 19 years old.

Many of the young girls that have gone to Porto Rico to teach are meeting with many unpleasant surprises. Their lives are being exposed to unnecessary danger by long rides through wild country either alone or in the company of native men whom they have never seen before, seeing scenes of human living which are unfit for the eyes of any girl. They suffer much privation, though that is not what our brave girls object to. They realize that they owe it to their people at home to care for their personal safety. A few who have gone there to teach have returned, but the majority were obliged to remain through the force of circumstances or because, as one girl put it, "we have come here to teach, and we are going to do it."

Mrs. Milton Loeoe of Kansas City is planning to establish a school where women may learn to be competent servants. She wants by the aid of diplomas to do away with that vexing servant girl question and claims that she will revolutionize the relation of

mistress and maid. She is very anxious to show that the mistress who knows that her cook or second girl is competent will not quibble over unessential details of the work, but will treat the girls with proper respect. She hopes to really help the servant girl problem.

One of the most successful examples of combined kindergarten and house-keeping schools in Chicago is under the supervision of Mrs. Mary Page. The place is really a self governing club-house in which education for kindergarten work goes on every day. Under the same roof students and pupils find a congenial home while carrying on their mental preparations. They work on a sociological platform. The children make up the classes through which the young teachers get their training. The school has been fashioned after the Pestalozzi Institute at Berlin, with the adaptations necessary to the educational needs of America.

Miss Mary Barber of Canton, O., is the favorite niece of Mrs. McKinley. At present she is visiting at the White House. This bright young girl is, to use Mrs. McKinley's own words, "like a tonic." The mistress of the White House is never so happy as when her niece is with her.

Within a few days the picture of a woman will be hung in one of the lecture rooms of the Harvard law school. It will be the first to be placed among the collection of some 300 portraits of eminent judges and lawyers of which Harvard is justly proud. This rare honor is being conferred upon Mrs. Austin because after the death of her husband she collected his notes into book form, which, though they were written over 30 years ago, are still the authority on the subject of jurisprudence.

Mrs. G. E. Rhodes, wife of the sergeant major of the Canterbury Yeomanry cavalry in New Zealand, is probably the only woman ambulance sergeant in the world. Mrs. Rhodes takes as deep an interest in the regiment as her husband does, and her work for them is deeply appreciated by the men.

Miss Elizabeth Jordan, the new editor of Harper's Bazar, is a Milwaukee girl. She was educated at Notre Dame convent and at the University of Wisconsin. For nine years she has been doing reportorial work on the New York daily newspapers and also working in editorial departments.

Miss Emma Woolley, the new president of Mount Holyoke college, was a member of the Wellesley college faculty for five years. She is only 35 years old and was wonderfully popular with all her classes. ANNETTE CRAWFORD.

## TALK WITH THE HELIOGRAPH.

How the System of Signaling Now in Use in South Africa is Operated.

Heliographing is "sun writing." By the use of the heliograph the sun's rays are flashed over long distances. The letters of the Morse telegraphic code are used, and communication is comparatively easy on bright days. The instrument that is now used to transmit heliograph messages is exceedingly simple. It consists of a tripod carrying a horizontal rod at the top. On this rod is a mirror on one end and on the other a small upright rod with a movable button. This mirror is usually four and a half inches in diameter, and is so arranged that it can be rotated both on a horizontal and on a vertical axis. In the middle is a small unsilvered spot. The mirror is sighted by means of this unsilvered spot and the button on the rod in front, exactly as a rifle would be aimed. If the button is raised so as to cover the destination of the message, which can be found by compass if it cannot be seen, and the shadow thrown by the unsilvered spot in the middle of the reflection covers the button, the instrument is in position. There is a contrivance by which the shutter is operated, opening and closing over the mirror by means of a key, which is pressed like the key of a telegraph instrument. A long flash stands for a dash, a short one for a dot in the Morse system. The greatest distance ever overcome by the heliograph was that operated over by the United States signal corps between Mount Uncampahgre, in Colorado, and Mount Ellen, in Utah. This was 183 miles. The flashes came and went as regularly as though the distance had been much shorter.—Indianapolis Press.
